

WHITE RIVER TOWNSHIP
"A Township for all Seasons"

7386 Post Rd
Montague, MI 49437

231-894-9216
clerkwrtownship@gmail.com

Dear White River Township Resident:

You are receiving this letter because you own property that is adjacent or near the Lakeside Solar LLC project. Lakeside Solar has applied to the Michigan Public Service Commission (MPSC) for a citing certificate which, if approved, would allow them to move forward with the construction of their 1,500+ acre solar array. This is a contested case that will affect the residents of White River Township. Michigan Law gives adjacent property owners the right to intervene. This means you have the right to provide direct testimony as to how you will be affected by this project. Non-adjacent property owners may also apply to the MPSC to intervene. Both adjacent and non-adjacent property owners have the right to comment on the MPSC website.

- **What is adjacent?** Adjacent is touching property lines including roads, easements and corner to corner.
- **Where can the project map be found?** The project map is located on the Geronimo website [Lakeside Solar & Storage Project Advances Clean Energy in MI](#) and also posted at the township hall. The township hall is open during meetings and Mondays and Wednesdays from 9 am - 12 pm.
- **How does the adjoining property owner intervene?** A template has been provided on the WRT website [Meetings | White River Township](#) for residents that are adjacent to the project. The 'Notice of Intervention' is for residents that are directly adjacent to the participating parcels. Per state law you are granted this right.
- **How does a non-adjoining property owner apply to intervene?** A template has been provided on the WRT website [Meetings | White River Township](#) for residents that are not adjacent to the project. This is a 'Petition to Intervene' for residents who do not own property directly adjacent to the participating parcels. The petition is a form to which residents ask permission to intervene.
- **How to submit forms or comments?** Residents may submit comments or forms on the MPSC website:
<https://mi-psc.my.site.com/s/case/500cs00001yd31UAAQ/in-the-matter-of-the-application-of-lakeside-solar-llc-for-a-certificate-for-the-siting-of-an-energy-facility-in-white-river-township-muskegon-county-pursuant-to-public-act-233-of-2023>
Case #U-22143 Lakeside Solar LLC in White River Twp
- **Need more information?** MPSC has a "how-to" guide for filing documents in cases at this address: [MPSC E-Dockets Instruction Manual](#).

(continued on next page)

- **When does this need to be done?** A Pre-Hearing Date is set for September 3rd, 2026, at 9:00 AM. Petitions/Notices must be filed and served at least 7 days before the prehearing. Please file your notice or comments by August 24th.

This process is important in making sure your voice is heard. If you have further questions, please feel free to contact the White River Township Supervisor:

Ron Bailey

Phone: 231-292-2194

E-mail: supervisorwrtownship@gmail.com

Thank You,

The White River Township Board
